

Going Back to School

School has been closed for a long time.

It has been closed because of Coronavirus.

When school was closed I stayed at home.

School is now ready to open again.

I will go back to school on:

I might go into school through a different door.

My classroom might look different.

I might be in a different classroom.

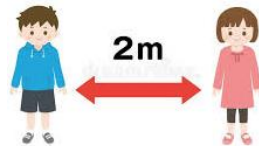

I might have different teachers.

This will be ok.

My teachers will be happy if I try to remember to:

Stay two meters away from everybody.

Wash my hands when they tell me to.

Play with the toys they tell me to.

Going back to school will be OK!
